CUSTOM SOLUTIONS PROGRAM

No more basic, standard, every-office-has-it products.

NOW, IT'S ALL ABOUT GROWING YOUR CUSTOM OFFERINGS.

The core of OMT-Veyhl's Custom Solutions is a partnership between companies. When you're approached with a one-of-a-kind request, our goal is to support your process and make those solutions possible.

When your customer wants something no one else has, we can MAKE IT HAPPEN.

OMT-Veyhl Custom Solutions can work with you on modifying existing standard product as well as creating entirely custom designs.
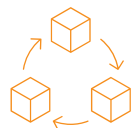

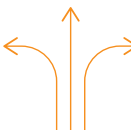

PARTNERING EARLY

What do you get with this program?

Dedicated Engineers   OMT-Veyhl has a team of engineers dedicated to your business' custom needs. Provide a thorough design or a simple idea, and let our team make your vision come to life.

Dedicated Supply Chain   An OMT-Veyhl purchasing team makes this partnership a one-stop-shop. Remove the hassle of managing suppliers by allowing our team to acquire the raw material and parts required for you solution.

Flexible Options   Make the design perfectly yours with the choice of more than 200 powder coat colors and flexible design options. Plus, you'll feel the advantages of a partnership with the ability to ask questions and make changes throughout the entire process.

OMT-Veyhl Custom Solutions is structured to partner with your team early in the design and manufacturing process. This provides an opportunity to work with you to best leverage fabrication processes, materials, and packaging options to meet your engineering, aesthetic and financial goals.
